

NICHODEMUS WERRE AMOLLO

Regional MEAL & Information Management Specialist

Nairobi, Kenya | nichodemuswerre@gmail.com | +254 725 737 867

PROFESSIONAL SUMMARY

Regional **Monitoring, Evaluation, Accountability and Learning (MEAL)** specialist with **8+ years of progressive experience** designing and strengthening **MEAL and information management systems** across **health, education, and development programmes** in East Africa. Strong expertise in **quantitative and mixed-methods evaluation, data quality systems, outcome measurement, and evidence-based decision-making** in complex, multi-stakeholder environments.

Proven contributor to **multi-country programs**, trusted technical partner to **research institutions, government agencies, and international organizations**, and experienced in translating complex data into **actionable insights for program quality, learning, and accountability**. Brings a strong **systems mindset**, ethical data practice, and commitment to **inclusion, participation, and results-driven programming**.

CORE MEAL & TECHNICAL COMPETENCIES

- Regional & Country MEAL Systems Design
 - Monitoring, Evaluation & Impact Measurement
 - Information Management & Data Quality Assurance
 - Quantitative & Mixed-Methods Analysis
 - Accountability & Evidence Use for Decision-Making
 - Learning Frameworks & Knowledge Management
 - Partner & Stakeholder Technical Coordination
 - Evaluation Planning, Surveys & Assessments
 - Data Visualization & Strategic Reporting
 - Ethical Data Governance & Research Compliance
-

PROFESSIONAL EXPERIENCE

Lead Biostatistician - Georgetown University East Africa

Apr 2025 – Present

- Lead **regional quantitative and evaluation data systems** for multi-country health and development programs, supporting evidence generation and program quality
- Design **evaluation frameworks, indicator structures, and data architectures** aligned with MEL plans and institutional standards
- Oversee **statistical analysis, modelling, and synthesis** to assess program outcomes and effectiveness

- Produce **technical reports, dashboards, and learning briefs** for senior program leadership and partners
 - Coordinate with **international research institutions, technical advisors, and country teams** on data quality, standards, and evaluation methodologies
 - Contribute to **learning and adaptation processes** by translating evidence into programmatic recommendations
-

Statistician & Monitoring, Evaluation and Research Officer Kenya Medical Research Institute (KEMRI)

Apr 2023 – Mar 2025

- Supported **monitoring, evaluation, and performance tracking** for multiple government-funded health and social programs
 - Developed **quantitative analysis plans**, including trend analysis and predictive modelling to inform policy and program decisions
 - Designed and maintained **dashboards and analytical reporting tools** used by national stakeholders
 - Contributed to **research dissemination, technical briefs, and stakeholder presentations**
 - Strengthened **data quality assurance and documentation practices** in line with ethical research standards
-

Evaluation Systems Specialist

VLIR-UOS / JOOUST Regional Programs (Kenya, Tanzania, Rwanda)

Nov 2021 – Apr 2022

- Led development of **regional MEAL and information management systems** for education and capacity-building programs
 - Designed **harmonized reporting frameworks** enabling cross-country data consolidation and learning
 - Supported **transition to digital data platforms**, improving evidence tracking, accessibility, and quality
 - Produced **evaluation summaries and learning products** for donor and institutional stakeholders
 - Worked closely with program teams to align indicators, results frameworks, and reporting requirements
-

Data Analyst & MEAL Specialist

LERIS Hub, Kenya

Sep 2017 – May 2021

- Conducted **program performance monitoring and evaluation analysis** for donor-funded development initiatives

- Supported **evaluation design**, indicator development, and data collection planning
 - Produced **statistical analyses and visual reports** to support adaptive management
 - Collaborated with partners to **align KPIs, results frameworks, and evaluation metrics**
-

EDUCATION

MSc – Statistics & Data Science (*Ongoing, Expected 2026*)

Jaramogi Oginga Odinga University of Science & Technology

BSc (Honours) – Statistics

University of Nairobi

PROFESSIONAL CERTIFICATIONS & TRAINING

- **Monitoring & Evaluation for Global Health** – University of Washington
 - **Google Data Analytics Professional Certificate**
 - **AWS Certified Cloud Practitioner**
 - **Biomedical Research Ethics** – CITI Program
 - Training in **data governance, ethical data use, and quality assurance**
-

TECHNICAL TOOLKIT

- **Statistical & Analytical:** R, STATA, Python, SQL
 - **Visualization & Reporting:** Power BI, Tableau, Looker Studio, Superset
 - **Data Systems:** Structured databases, ETL processes, API integrations
 - **Methods:** Regression, modelling, time-series, causal inference
 - **Governance:** Data quality frameworks, documentation, compliance
-

LANGUAGES

- **English** – Fluent
- **Kiswahili** – Fluent
